

The Block Museum Exploration Game

See the museum in a new way by using this guided game! Please use one of our clipboards which are under the coffee table in the Community Room. You can borrow one of our pencils, which are on the tables at the back of the room

This pattern is hidden in an artwork in the gallery:

Can you find it? What is the name of the artwork?

There are lots of sounds in the museum. Can you describe one that stands out to you?

I-spy a picture of the Chicago Bean. Who is the artist that included this in their artwork?

What is your favorite artwork in the museum today? Ask one other person and write that down, too!

What is one Indigenous word you've seen or heard? What language is it from? What does it mean?

Feel free to leave this in the Forum Board submission box if you want us to keep or take it home! Answers are available on the top bookshelf in the Community Room.

Thanks for playing!
